

Weather for Dummies

“Uneven heating of the earth” – what does it all mean? As the weather and climate changes it is a great time to focus on how it affects our flying. Radek will break down complex concepts in simple terms you can understand without a degree in meteorology. What you will learn you will be able to apply for practical purposes in your aviation activities.

Directions: This free safety seminar is part of the 3 day Flying Aviation Expo. For more information and admission please visit: www.Aviation-Xpo.com

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the “Contact Information” area of the meeting/event notice. Note that two weeks is usually required to arrange services.
